CANADIAN OVERSEAS ORCHESTRA

The fourth day should be red-letter day at Chautauqua—the Canadian Overseas Orchestra is composed of musicians who have all seen service in defence of our country during the Great War, and we should make the fourth day of Chautauqua a home coming day. Give them a welcome that will cause them to realize that we appreciate to the fullest the sacrifices they have made for us all.

THE SERBIAN TAMBURICA ORCHESTRA

The Serbian Tamburica Orchestra is one of the most unusual and attractive musical companies ever presented, and is sure to be a great favorite with Chautauqua audiences. This Orchestra is absolutely unique—the only one of its kind on this continent and it is sure to attract crowds on the last afternoon and evening of Chautauqua.

Ng Poon Chew, Chinese Statesman, Orator and Editor.

The Dominion Chautauquas feel special pleasure in being able to bring to you the great Chinese Statesman and Journalist Ng Poon Chew. In so doing we are sure we are furnishing the very man who is best equipped to throw new light in abundance upon the deep and dark mysteries of China one of the greatest countries in all the world.

BASE BALL

A Fast game will be played at BOW ISLAND on the 22nd, July, with a neighbouring Team.

MISS SAMAYEH ATTIEYEH, Representative from Syria.

It will be well for our citizens to hunt up their geographies and refresh their memories concerning Syria before the lecture by Miss Samayah Attiyeh, a native Syrian, which will be an event of the Chautauqua.

Miss Attiyeh is qualified to speak of reason of knowledge which is her birthright. Her lecture entertainment will be unusually interesting and instructive.

THE HENDRY DUO—Entertainers and Musicians.

At the Chautauqua you will meet The Hendry Duo for fifteen years the name of Francis Hendry has been the synonym for the best in lyceum entertainment. He combines the highest degree of artistic excellence with unusual versatility.

Good wholesome fun abounds in the Hendry Company programs.

SIX JOYOUS DAYS

Discuss Formation of Farmers' Party

Winipeg—Future political action was discussed at a session of the Canadian Council of Agriculture. It was ultimately decided that the question of making the political action that has been taken already in the various constituencies in Alberta, Saskatchewan and Ontario federal in scope be left to the provinces to decide where farmers' political conventions have been held. Hitherto only district conventions have been held in the various constituencies. The United Farmers of Alberta have selected July 26 as the date for their provincial convention.

Co-operative action by the Dominion and provincial governments to meet the feed shortage in Alberta was suggested. In a message sent to Ottawa the council strongly urged the Dominion government to investigate the matter and take immediate action. Reports from the various provinces with regard to political action were received, and considerable time was devoted to discussion arising from them. No definite steps on the question of political action was taken at this session, however.

In his report J. B. Macdonald, secretary of the Saskatchewan Grain Growers' association, suggested that the time was opportune for calling a convention in western Canada of the provinces which have taken independent political action would be represented. He said that steps should be taken toward securing the movement, which heretofore has been confined to the provinces, into a federal union.

Labor Unrest in Italy

Repression of Disorders By Military Methods Resented By Labor Leaders

Rome—The chamber of labor has proclaimed a general strike as from midnight Tuesday as a sign of protest against the police and military measures adopted by the government to prevent further disorders. The chamber of labor maintains that these measures were adopted to prevent the lowering of the price of necessities, as demanded by the people.

The strike was not quite general, because only the Papale Romano published the decision of the chamber of labor to call a strike.

The food shops were crammed with people buying provisions in fear of being caught with scanty supplies.

Minimum Wage for Office Help
Winipeg—The women of the Manitoba minimum wage board is being brought to a close so far as the fixing of minimum wages is concerned, with the announcement of a minimum wage of \$12.50 to be paid to women in offices, and \$12 to female help in domestic.

It has covered approximately 6,000 women in industry in Winipeg, and has affected about forty industries. Dr. W. J. McMillan, chairman, sent in his resignation to the government, and it has been accepted.

Germans Ratify Treaty With Very Bad Grace

Weimar—At the debate which preceded the vote of the national assembly ratifying the peace treaty, strong sentiments against the terms were expressed, and 99 deputies abstained from voting on the resolution to ratify the treaty. Most of the ministers were present at the meeting of the assembly, and there was a full attendance of deputies. Dr. Hermann Mueller, the foreign minister, in introducing the treaty, explained that hatching of the ratification order, and bringing about the lifting of the blockade.

"We are about to enter upon a 40 years' march through fire," he said. "I can find no other way."

Dr. Peter Spahn, leader of the Catholic center party, said:

"We agree to the treaty under hard compulsion, to save ourselves from bankruptcy and to preserve the fatherland from internal ruin."

Her Krieger, Socialist Professor Schuchting, Democrat, Dr. Traub, national party, and Herr Kahl, people's party, all spoke violently against the treaty.

To Limit Troop Trains

Winipeg—Winipeg is to be made the military dispersal area for the entire West, and no more troop trains will run further than this city after those carrying soldiers from the Olympic go westward on Saturday, it is semi-officially announced. The reason given is the comparatively small number of troops that will have to be handled from now on. This will be so small that it is considered the dispersal work could quite well be done here and that there is no longer any necessity for keeping open the dispersal offices that have been established west of here. The dispersal area headquarters that will be closed under the new regime will be those of Saskatoon, Regina, Calgary, Medicine Hat, Edmonton, Revelstoke, Victoria and Vancouver. The Brandon, Man. office also will be closed.

When troops have been disbanded at Winipeg they will then travel toward terminals on ordinary passenger trains.

Many Labor Candidates

Labor Party in Winipeg Will Try for Victory at the Polls

Winipeg—At a largely attended meeting of the Labor party, over which S. J. Farmer presided, it was decided to nominate candidates for every seat in Winipeg and the territory immediately surrounding the city for the Dominion parliament and the provincial legislature, also to nominate candidates for the majority and every seat on the city council and on the public school board.

A convention is being arranged for August.

Vauclville, the Ever Popular

The visit to the Saskatoon and Regina fairs has ever an opportunity to witness a performance of the "Parties" in the city. The chamber of labor maintains that these measures were adopted to prevent the lowering of the price of necessities, as demanded by the people.

The strike was not quite general, because only the Papale Romano published the decision of the chamber of labor to call a strike.

The food shops were crammed with people buying provisions in fear of being caught with scanty supplies.

It has covered approximately 6,000 women in industry in Winipeg, and has affected about forty industries. Dr. W. J. McMillan, chairman, sent in his resignation to the government, and it has been accepted.

Some Sightings on Bolshevism
New York—The arrest of President Wilson and J. D. Rockefeller, the opening of all jails and the formation of soviet organizations throughout the country to take over the government were advocated in the anarchist bulletin, according to Archibald Stevenson, who produced a copy of the bulletin at the hearing of the Lusk investigation commission.

Urges Peace Quickly
Rome—Premier Nitti, in a speech before parliament, urged that the peace negotiations be concluded, and that friendly relations with the allies, especially France, be maintained.

Testing the Justice of the treaty, the impossibility of its fulfillment, and declaring that the day of Germany's liberation had not yet come. These speeches were greeted with such turbulent applause and hand-clapping that the president of the assembly, Herr Feilerbach, called attention to the fact that hand-clapping was against the rules, with similar speeches by other members and similar applause.

The national party introduced an amendment in favor of ratifying the treaty with the reserve that the German people would not be permitted to repeat the first obtained concerning articles 22 to 230, and that a court be created to investigate the responsibility for the war.

In the course of the debate President Feilerbach protested against Alsace-Lorraine being torn from Germany. He said that the city of 1821 since made good was taken from Germany 180 years before. He hoped that the people of Alsace-Lorraine would preserve their German character, customs, etc.

Hidden Bravery

To Be Rewarded

Recommendations for Awards Must Be Sent to Ottawa By End of August

Ottawa—Officers and soldiers of the Canadian Expeditionary Force who displayed gallantry while escaping or attempting to escape from the enemy, or who rendered exceptional services while prisoners of war or interned, are eligible for awards. An order of the Militia Department just issued states that recommendations for such reward may now be submitted. The facts supporting each recommendation must be substantiated by statements of evidence from at least two witnesses who have first-hand knowledge of the case, and should reach militia headquarters before August 31. Officers and soldiers who are still serving should submit their claims through the usual official channels. The claims of those who have been demobilized should be presented through the office commanding the military district in which they live.

Fall Harvesting

Starts in Ontario

Crops on the Whole Are Very Poor

Toronto—Fall harvesting has already commenced in a few counties, according to the Ontario crop report issued by the department of agriculture.

Owing to the length of straw, some of the grain has been knocked down. The wheat is ripe, but the grain is very poor. The corn is ripe, but the grain is very poor. The grain is ripe, but the grain is very poor.

Winter rice is ready for the binder. Crop on the whole are very poor. Some sections report practically a failure. The fields are uneven, and the grain is very poor. The grain is ripe, but the grain is very poor.

Failed To Get Knighthood

Charles Hannan Ascertains He Got No Reward for Desisting from Smoke

Box Screen Defeated

London—Charles Hannan, the author, has issued the text of curious correspondence between him and the government regarding his claim to be an inventor of smoke boxes against salaried attacks.

Mr. Hannan claims his invention was adopted, but his stipulation that the reward should be a "good old-fashioned knighthood and pension equivalent" was ignored.

In February he was informed "it was not found possible to include your name in the present honors list, but the next one is prepared. You shall again receive consideration."

However, no word has yet forthcoming, and Mr. Hannan now presents the correspondence to the public.

Many Jews Killed

Ukrainian Anti-Bolshevik Commander Shows Cruelty

London—Many Jews have lost their lives in the course of the operations between the Russian soviet forces and those of General Gregoroff, commander of the Ukrainian anti-Bolshevik army, which has been fighting its way northward from the Black Sea, Cecil Harmsworth, under-secretary for foreign affairs, said in the house of commons in replying to a question. General Gregoroff, the under-secretary said, was stated to be strongly anti-Jewish in his sympathies.

\$35,000,000 for His Airships

London—Sir John Alcock, of an improved type, representing successive stages of development, are under construction for the British navy. It was disclosed in the House of Commons by Walter Hume Long, First Lord of the Admiralty. These ships, he stated, would cost £7,000,000.

Rum Mobs Release Prisoners

Berlin—A mob attacked the police and the detention prison at Hanover and released all the prisoners in the buildings. The guards, it is said, rendered their arms without resistance. Some fighting occurred between the crowds and government soldiers.

Troops Overseas Now Total 32,000

London—With the sailing of the Canadian July 5, with 2,054 troops, and the sailing of the Tunisian on the same day with 268 troops, 253,413 Canadians have been repatriated since the date of the armistice.

The number of Canadians overseas, both in the British Isles and France, is now approximately 32,000. This, of course, includes hospital staffs.

Britain Has Rivals

Amongst Colonies

Preference Within the Empire Only Against Foreigners

London—In the house of commons R. P. Houston, member for the West Tenth division of Liverpool, asked why the South African government had not placed in the United States orders for 44,000 tons of rails, 1,000 cars and 250 trucks, and in the United States and Canada orders for 70 large locomotives instead of in Great Britain, in view of the necessity of employment of the people here and of maintaining British's export trade.

H. L. C. S. Amery, under-secretary for the colonies, said some of the orders had been placed before the armistice had been signed, when it was impossible for Great Britain to supply railway material. British offers respecting the price of the delivery of the 70 locomotives had been so unfavorable that South Africa had been obliged to go further afield. He was glad to say 40 of them had been ordered in Canada.

Mr. Amery continued that in view of Mr. Houston's question, it seemed doubtful to substantially imply that it was undesirable that the South African government should purchase material from Canada rather than Great Britain, he recalled that a policy on which the government of the empire was agreed was of preference for contracts for products and manufactures of the empire, and not merely of the United Kingdom.

He said that the British government offers respecting the price of the delivery of the 70 locomotives had been so unfavorable that South Africa had been obliged to go further afield. He was glad to say 40 of them had been ordered in Canada.

Reds Prepare To

Evacuate Petrograd

Allied Powers Will See Kolchak Movement Carried Through

Washington—Definite information that the Bolshevik authorities are planning to evacuate Petrograd has been received in official circles here. Decision to quit the capital was said to have been violently opposed by some elements of the government.

Paris—Approval of a plan for a concerted attack on Petrograd by the Finnish forces and the troops of the Kolchak government at Omsk, was given by the council of five.

A joint note has been sent the military attaches of Great Britain, France, United States and Italy at Helsinki, Finland, instructing them to support the Finnish government, if it decided to accede to the request of Admiral Kolchak to assist him in the campaign.

There is no indication that the allied and associated powers propose to go further at the time in helping Kolchak plan his action in supporting the Finns. It regarded as equivalent to assurances that they will see the Kolchak movement carried through.

Helsingfors—It is reported that all foreign embassies, legations and consulates in Petrograd have been occupied by Bolshevik forces. The archives have been seized, it is said, and those in charge have been arrested. A committee dealing with charges of espionage against the soviet government has been formed.

British Army Won The War

Enthusiastic Statement By Sir Douglas Haig on British Army Achievements

London—Field Marshal Haig, receiving the freedom of Newcastle, deprecated the tendency to minimize the British army's achievements in the war.

"It is right to speak of our allies," he declared, "but it was the British army that won the war. It is British that bore the brunt of the fighting in the last two years. I hope everyone will realize the fact and thank the fellows who fought and suffered and their dependents."

No Plans for His Future

Toronto—Sir Thomas White, who is at his home in Toronto for a few days, stated that reports which have been made to the effect that he had been offered and accepted an executive position with some railway corporation in Canada or the United States, were entirely without foundation and were untrue to the man occupying the position. The minister stated that he had no financial plans whatever for the future.

Wilson Addresses The U. S. Senate

Dutch Resent Note

Paris—The council of five received a reply from Holland in answer to the council's note regarding the reported escape from the island of Wieringen of the former German crown prince. The Dutch note, in what was said to be rather curt terms, pointed out that the rumor of the escape was unfounded and expressed surprise at the warning given by the council.

The Dutch government, the reply added, is conscious of its international obligations and must be held to exercise its sovereignty as it sees fit.

Grampian Strikes Iceberg

Two of Crew Were Killed and Two Injured

St. John's, Nfld.—Two men were killed and two injured when the Allan liner Grampian, Montreal for Liverpool, struck with an iceberg off Cape Race Thursday night. The steamer, with 750 passengers and a crew of 100, arrived here for repairs.

The killed and injured were members of the crew, who were asleep in the bow of the steamer when she struck the iceberg. The survivors were awake, but although there were more than 500 women and children aboard, there was little excitement and no panic.

The Grampian did not suffer the fate of the Titanic, with considerable loss of life, it is believed to have been due to the decision of the captain to strike the iceberg bow on instead of taking a glancing blow on the side. The iceberg, which was very large, was about 45 miles off Cape Race in the early evening. When it was sighted through the fog it was too late to clear, although the ship was proceeding slowly.

The captain said he realized that a glancing blow, which would tear through the ship's side, would sink her. The course was changed and the Grampian struck the iceberg squarely head on. The entire fore part of the ship was smashed in above the water line, the stem being driven back nearly 40 feet. The vessel was damaged below the water line, however, as the portion of the berg which she struck proved to be an overhanging shelf.

It was found that the liner was taking no water and she was headed here, steaming through the night against a heavy gale, which, caused much alarm among those aboard. When the Grampian struck the iceberg, she was the most "berg beaten" ship that had ever struck its port. It will take several weeks, and it is expected that the passengers will be transhipped to another ship.

Raising the Giant Flagstaff

A Douglas fir furnished a giant flagstaff 215 feet high, weighing 18 tons. It was presented four years ago by the British Columbian government to New Glasgow, near London. The mighty flagstaff is at last to be erected, by Canadian hands.

Replace U.S. Troops in Siberia

San Francisco, Cal.—Representatives of American troops in Siberia will be replaced by the United States transport from here July 26. It was announced at headquarters of the western department of the army.

Facing Terrible Cost Through High Taxation

Berlin—Germany is to quickly re-nationalize its financial system, and Minister Erzberger, vice-chancellor and minister of finance, speaking at a meeting before the German national assembly. Among other things, the payment of grants to men who are unemployed will be reduced, it was indicated in his address.

"The empire's needs must be divided henceforth between house rent and indemnities," he said. "The burdens of taxation will reach an absolutely terrible height. A floating debt of 72,000,000,000 marks is a constant danger, and the redemption of this debt is one of our most urgent tasks. There are two ways in which to do it—either its conversion into a funded loan, or its extinction by levies and a heavy property tax. I do not indulge the hope that these two ways will immediately yield the entire liquid amount of 72,000,000,000 marks. It is the duty of conquered people not only to bow to a state of financial ruin, but to acquire a new conviction as to the necessity of giving up all riches and all that is superfluous."

"Changes in the system of state

will be speedily submitted to the national assembly, and this reform will represent the completion of the whole work."

"The world has denied us international justice. All the more passionately and energetically, however, will we work for the annihilation of the world's injustice, and for the restoration of justice, to the poor, but not to the rich."

"One of the first requirements relative to the restoration of the life of labor is the establishment of order in the financial system. I will have nothing to do with suggestions for the annihilation of war loans and a declaration of general bankruptcy. My highest aim is to administer justice to the individual citizen. The income from capital must be taxed much more heavily than the income from work. An income tax of 10 per cent on property will be the initial steps that will be taken. The empire's income must be increased one hundred per cent, and that of individual states and communities one hundred per cent. Such enormous changes require fresh legislation."

Boy Scout Notes THIRTY BOYS UNDER CANVAS

The Boy Scouts from Bow Island
and Burdett left Monday at 2 o'clock
for the Island North of Dransy Lake
where they will camp for ten days for
their annual outing under canvas.

Burdett.

The "Old Settlers Day" celebrated
at Burdett, July 4th, was a huge suc-
cess, the crowd started to come, in the
middle of the forenoon, and by the time
the first event was staged a record
breaking crowd had assembled at the
grounds. The winners in the Horse
Race were:

First for all running race J. H. Sandy
"Medicine" first Mr. Travers, "Speed-
way" second. Trot or pace M. Little
"Nelly H." first and Ed. Adles "Loch
Lomond" second. Pony Race, Ross
Seymour's "Favorite" first Sandy's
"Sydney" second. Foot Racing,
Ernest Efford last. Distance 2nd. From
this time until the Ball Game between
Taber vs. Bow Island, the events came
so thick and fast that it was impossible
to keep track of all the winners except
to say that a good exhibition was
made in each case, of course the main
events were the Baseball games, the
first as above stated was between
Bow Island and Taber. Louie for
Taber pitched a great game but owing
to lack of support lost out to Bow
Island. The score being 6 to 5.

Renard for Bow Island pitched real
League ball and it was no doubt
through his work that Bow Island
won out.

The game that created the real in-
terest of the day was in the evening
when Burdett's team played two win-
ners for a prize of \$50 it was the best
exhibition of Ball seen here this year
both teams were out to win, it looked
for a time that Bow Island might
have a look in, but any doubt in this
regard soon disappeared when Burdett
settled down to play ball, needless to
say Burdett's "The greedy things" kept
the legal tender at home, when the
dust had settled and the score keeper
had time to count up, the result pro-
ved to be 8 to 4 not counting one run
that Burdett presented Bow Island
with, throughout the entire day there
was scarcely a moment when there
wasn't something doing.

Of course the Celebration was round-
ed off by a huge Ball in the Majestic
Theater at night which also was a real
success. There is certainly a vote of
thanks coming to the different com-
mittees for the manner in which this
Celebration was carried out.
